

NEO CUT 435

Universal cutting oil

Item no. 823 001 Bottle 100 ml

Item no. 823 001 Item no. 823 500 Item no. 823 010

Item no. 823 025 Item no. 823 200

PRODUCT DESCRIPTION:

Neo Cut 435 is a cutting oil with a high proportion of Neoval Rubin G8 and EP additives to meet the highest demands. Neo Cut 435 is the sulfur-free alternative to the sulfur-containing Neo Cut 430S.

BENEFITS:

- No clogging up and no built-up edges
- Low levels of oil mist, non-foaming
- best lubrication and cooling properties
- improves surface quality
- long tool life
- excellent corrosion protection
- keeps for at least 10 years if stored correctly

APPLICATION AREA:

- on all lathes and turning centres for cutting steels with the highest strength and toughness, Cr, CrMoV, non-ferrous metals, light metals and precious metals such as gold, silver and platinum.
- very good results when machining titanium alloys.
- for turning, thread cutting and cold forming.

PROPERTIES:

Kinematic viscosity at 40°C: 25-27 mm²/s

Density at 20°C: approx. 1.0 g/ml

Item no.	Contents	Container	Quantity
823 001	100 ml	Bottle	1 box (contains 24 bottles)
823 500	500 ml	Bottle	1 box (contains 6 bottles)
823 010	10 l	Canister	
823 025	25 l	Canister	
823 200	200 l	Barrel
